Patent No.: 6,365,254

Issue Date: April 2, 2002

Title: ROLL STABILIZING RELEASE LINER

REISSUE APPLICATION DECLARATION AND POWER OF ATTORNEY BY THE INVENTOR

As a below named inventor, I hereby declare that:

My residence, mailing address and citizenship are stated below next to my name.

I believe I am an original, first and joint inventor of the subject matter which is described and claimed in U.S. patent number 6,365,254, granted April 2, 2002, for which a reissue patent is sought on the invention entitled ROLL STABILIZING RELEASE LINER, the specification of which was filed on April 1, 2004 as reissue application number ____/____ and (if applicable) was amended on _____.

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I believe the original patent to be wholly or partly inoperative or invalid for the reasons described below (Check all boxes that apply.)

- ☐ by reason of a defective specification or drawing.
- ☒ by reason of the patentee claiming less than the patentee had the right to claim in the patent.
- ☐ by reason of other errors.

At least one error upon which reissue is based is that each of claims 1-21 and 31-34 define the subject invention too narrowly in that each of the claims does not more broadly recite the use of a layer comprising an ethylene vinyl acetate for roll stability of a double-sided adhesive tape assembly.

At least one other error upon which reissue is based is that each of claims 22-30 and 35-39 define the subject invention too narrowly in that each of the claims does not more broadly

recite the use of a roll stability layer comprising an ethylene vinyl acetate in a liner used with an adhesive tape.

All errors corrected in this reissue application arose without any deceptive intention on the part of the applicant.

I acknowledge the duty to disclose information that is material to patentability as defined in 37 CFR § 1.56.

As a named inventor, I hereby appoint Practitioners at Customer Number 32692 my attorneys and/or agents with full powers (including the powers of appointment, substitution, and revocation) to prosecute this application and any division, continuation, continuation-in-part reexamination, or reissue thereof, and to transact all business in the Patent and Trademark Office connected therewith.
